

Russell “Hayden” Webster

Name: Russell Hayden Webster

Nickname: Hayden

Place of Birth: Colorado Springs, CO

Current Residence: Estes Park, CO

Favorite Place: Gotta give it to Patagonia, Argentina...(my 2nd fave is probably RMNP)

Favorite Outdoor Activities: Really into climbing! Also big on backcountry skiing, and mountain biking (classic CO kid, I guess).

Hobbies, Interests, Interesting facts (about myself): Big into exploring new friendships with people in the outdoor setting! Interesting fact is I have someone else's heel bone in my left foot.

If you had one superhero power, what would it be? This is always a tough question. But I'm definitely gonna say telekinesis. Especially if this super power is something I can train/strengthen.

Favorite Food: Bagels

If you could be one fruit or vegetable, what would it be? A ripe banana (not totally brown, but heavily speckled).

Musical Taste: My roots musically come from my father in the form of Thrash Metal, but I have branched out in the last few years. My top artists would be Rage Against The Machine, The Pixies, Johnny Cash, The Chats, Metallica.

Favorite Holiday: Used to be Christmas, but now it's Thanksgiving!

Favorite Candy: I only eat healthy...Hahaha, just kidding, probably cinnamon rolls

What do you do when not in the outdoors? I'm probably waiting for the weather to be better then! I recently got a sewing machine that has been fun to learn how to use, and I am really into reading Comic Books and Graphic Novels!
