Place of Birth: Baltimore, MD

Current Residence: Denver, CO

Favorite Place: On a trail somewhere with people I love, working hard, and looking at a beautiful view. Estes Park and Rocky Mtn. National Park are high on the list!

Favorite Outdoor Activities: Hiking/backpacking/biking

Hobbies, Interests, Interesting Facts: “This year, I’ve been learning to rock climb! My hobbies also include running, exploring Denver by bike, and petting dogs. I love dogs - more than pizza. I fell in love with the mountains at Cheley, like many others! Last summer, I was able to live in a tent for 4 months on the PCT and bike around the Big Island. I love visiting new places and meeting new people - that’s my happy place.”

If you had one superhero power, what would it be? The ability to talk to animals OR superhuman endurance.

Favorite Food: I kid you not, pizza.

If you could be one fruit or vegetable what would it be? An apple. I think they go on the most hikes.

Musical Tastes: It depends on the time and place! Folk, reggae, soul, rock and roll, and ‘90s

Favorite Holiday: Christmas! Thanksgiving runs a close second due to the FOOD!

Favorite Candy: Twix

What do you do when not in the outdoors: I work a luxury hospitality club in Denver - I help others plan their travels and adventures!
